Cold also plays an important role in a home’s warmth. Our refrigerators wish it is to keep food fresh because they preserve its nutrients and vitamins efficiency.
TEKA REFRIGERATORS
Take real care of your health by taking care of your fresh food

TEKA REFRIGERATORS DELIVER OUTSTANDING PERFORMANCE WITH A++ ENERGY CONSUMPTION. THANKS TO NO FROST TECHNOLOGY AND ITS ANTIBACTERIAL SYSTEM, YOUR FOOD WILL ALWAYS BE KEPT REALLY FRESH.

ANTIBACTERIAL SYSTEM
Both the cavity and the doors of Teka refrigerators have been specially treated. This Antibacterial film is made of silver ions and prevents bacteria and microorganisms from growing inside the refrigerator. Thanks to this system, the food keeps fresh and is safe to eat longer, preventing the outbreak of diseases such as salmonella, Legionnaire’s disease or hepatitis C.

Some models have not only one but up to 4 antibacterial systems: in the gasket, ioniser, antibacterial odour filter and silver coating for inner plastic.

FUZZY LOGIC
The Fuzzy Logic System delivers constant and accurate automatic temperature without the user having to do anything at all. The system has an electronic control that regulates the temperature via independent sensors, which are distributed throughout the refrigerator. This maintains a constant temperature and adjusts to the outside temperature automatically.

All the temperature information - both ambient and interior - is collected by the electronic control, which regulates the cold air inlet and accurately sets the different temperatures for each compartment.

NO FROST SYSTEM: COLD WITHOUT FROST
The Teka No Frost System delivers fast, high-quality freezing, preserving food better and removing the different odour mix.

The refrigerator defrosts automatically and collects water lodges in a special compartment where it evaporates. It also maintains an optimal, steady temperature in the entire fridge, apart from monitoring the temperature with greater precision than a traditional system.

It controls the level of humidity at all times and prevents ice and frost from building up on the walls and the food.

REAL ENERGY EFFICIENCY
Our range of fridges and freezers has been designed with efficiency in mind.

Save money with the most advanced technology. Moreover, using R600A, an eco-friendly refrigerant, your refrigerator has less impact on the environment.

ECO FUNCTION
With this function, refrigerators keep an optimal and constant temperature minimizing energy consumption and preventing the proliferation of bacteria. It keeps the refrigerator at 6°C and the freezer at -18°C.

TEKA REFRIGERATORS DELIVER OUTSTANDING PERFORMANCE
The new Teka refrigerators offer maximum freezer space flexibility. Take the drawers out and comfortably place the food on the glass safety shelves, even the larger pieces. You have as many combinations as you need.

**Experience the New LED Lighting**

The new Teka refrigerators’ LED light bulbs provide beautiful warm white light that enhances visibility even when full. LEDs have a much longer life than conventional light bulbs, while providing significant energy savings. Plus, they do not emit heat, so they do not affect the inside temperature.

**New Easy Open Handle**

How often have you wished for an easier door handle? Teka has added its new Easy Open system to save you effort. Just a horizontal movement of the aluminium handles will break the inner vacuum, making it easier to open the doors. The new Teka Larder and Up–right Freezer Easy Open handle also provides better protection for your refrigerator.

**On Holidays Function**

If you are not going to use your refrigerator for a long time, the On Holidays Function is the best option. It turns off the refrigerator and keeps the freezer at -18°C.

**Vegetable Drawer with Humidity Control**

Pull-out transparent drawers with humidity and temperature regulation feature different humidity levels: high, ideal for fresh food and low for meat and fish.

**Smart Cool**

Teka electronic control optimizes the performance of its refrigerators. Its memory, for example, resets the selected temperature in case of power failure.

To keep all the nutritive properties of fresh food, grocery or meat with all the nutritive properties up to three times longer, choose the chiller compartment; it provides the ultimate in freshness. It also helps to prevent the growth of the listeria microorganism which can potentially develop above 4°C.
**WISH REFRIGERATORS**

Minimum consumption, highly accurate and very easy to use

---

**MAESTRO**
Domestic appliances for those who like going one step further. For those who will not settle for being like the rest.

**TOTAL**
Designed for those who demand everything of their appliances, for everyone in the house. Maximum effectiveness in any situation.

**EASY**
For those who prefer no complications in the kitchen without denying themselves an appliance that gives so much while asking for so little in return.
**POLAR NFE 900 X**

- **Full No Frost side by side refrigerator**
- Touch control panel
- LCD display
- Fingerprint proof stainless steel door
- 4* freezer
- Intelligent cooling system
- 4 antibacterial systems
- Twist Ice maker
- Fuzzy logic temperature control system
- Eco function
- On holidays function
- Fast Freeze / Quick Cool function
- Fresh Freeze compartment
- Pilot lights: super freezing, refrigerator/freezer temperature
- Safety glass shelves
- LED inner light
- 0-3º Zone
- 3 freezer drawers
- 1 multipurpose zone freezer/fridge: 77 litres
- 2 vegetable drawers
- Energy Class: A+
- Climate Class: SN-T
- Noise level: 43 dBA
- Total gross capacity: 610 litres
- Net capacity (fridge): 360 litres
- Net capacity (freezer): 155 litres
- Voltage: 220-240v/50 Hz

**POLAR NFE 650 X**

- **Full No Frost side by side refrigerator**
- Touch control panel
- LCD display
- Fingerprint proof stainless steel door
- 4* freezer
- Intelligent cooling system
- 4 antibacterial systems
- In-door ice maker
- Fuzzy logic temperature control system
- Eco function
- On holidays function
- Fast Freeze / Quick Cool function
- Pilot lights: super freezing, refrigerator/freezer temperature
- Safety glass shelves
- LED inner light
- 0-3º Zone
- 2 freezer drawers
- 1 vegetable drawer
- Chromed bottle rack
- Energy Class: A+
- Climate Class: SN-T
- Noise level: 45 dBA
- Total gross capacity: 616 litres
- Net capacity (fridge): 353 litres
- Net capacity (freezer): 176 litres
- Voltage: 220-240v/50 Hz
### Polar NFE3 620 X
- **Full No Frost side by side refrigerator**
- Touch control panel
- LCD digital display
- Fingerprint proof stainless steel door
- 4* freezer
- Intelligented cooling system
- 3 antibacterial systems
- Twist ice maker
- Fuzzy logic temperature control system
- Eco function
- On holidays function
- Fast Freeze / Quick Cool function
- Pilot lights: Fuzzy logic, super freezing, refrigerator/freezer temperature
- Safety glass shelves
- LED inner light
- 0-3º Zone
- 1 vegetable drawer
- Chrome bottle rack
- Energy Class: A+
- Climate Class: SN-T
- Noise level: 45 dBA
- Total gross capacity: 640 litres
- Net capacity: 353 litres
- CR: 190 litres
- Voltage: 220-240V/50 Hz

### Polar TGF 390 NF
- **No Frost freezer**
- Electronic control panel
- Display on top trim
- E- Stainless steel finishing
- 4* freezer
- Twist ice maker with Deposit
- LED illumination
- Fast Freeze function
- Antibacterial gasket
- 6 Glass shelves in Freezer
- 7 independent compartments
- 2 balconies on door
- Easy opening handle
- Energy Class: A++
- Climate Class: SN-T
- Noise level: 45 dBA
- Total gross capacity: 261 litres
- Net capacity: 260 litres
- Voltage: 220-240V/50 Hz

### Polar TNF 450
- **Freestanding No Frost Larder**
- Electronic control panel
- Display on top trim
- E- Stainless steel finishing
- LED illumination from back panel
- Antibacterial gasket
- Safety glass shelves
- 5 removable balconies
- 2 vegetable drawers
- Chrome bottle rack
- Easy opening handle
- Energy Class: A++
- Climate Class: SN-T
- Noise level: 43 dBA
- Total gross capacity: 355 litres
- Net capacity: 350 litres
- Voltage: 220-240V/50 Hz
**POLAR TS3 370**
- Freestanding larder
- Electronic control panel
- Fingerprint proof stainless steel
- LED side illumination
- Antibacterial gasket
- Safety glass shelves
- 4 full width balconies
- 2 vegetable drawers
- Chromed bottle rack
- Energy Class: A+
- Climate Class: SN-T
- Noise level: 39 dBA
- Total gross capacity: 451 litres
- Net capacity: 367 litres
- Voltage: 220-240v/50 Hz

**POLAR TGF3 270**
- No Frost freezer
- Electronic control panel
- Fingerprint proof stainless steel
- 4* freezer
- Fast Freeze function
- Antibacterial gasket
- 7 independent compartments
- Ice cube tray
- Energy Class: A+
- Climate Class: SN-T
- Noise level: 42 dBA
- Total gross capacity: 290 litres
- Net capacity: 255 litres
- Voltage: 220-240v/50 Hz

**POLAR NFE2 400**
- Full No Frost combi refrigerator
- Touch control panel
- LCD digital display
- Fingerprint proof stainless steel
- 4* freezer
- Fuzzy Logic temperature control system
- Eco function
- Fast Freeze / Quick Cool function
- Antibacterial systems
- Safety glass shelves
- 0-3º Zone
- 2 vegetable drawers
- Chromed bottle rack
- Energy Class: A+
- Climate Class: SN-T
- Noise level: 43 dBA
- Total gross capacity: 355 litres
- Net capacity (fridge): 206 litres
- Net capacity (chiller): 25 litres
- Net capacity (freezer): 90 litres
- Voltage: 220-240v/50 Hz

**POLAR NFE2 320**
- Full No Frost combi refrigerator
- Touch control panel
- LCD digital display
- Fingerprint proof stainless steel
- 4* freezer
- Fuzzy Logic temperature control system
- Eco function
- Fast Freeze / Quick Cool function

*1* Energy efficiency class “A” on scale from D (least energy efficiency) to A+++ (most energy efficiency)

*2* Power consumption based on standard test results for 24 hours. Actual power consumption will depend on how the appliance is used and where it is located.

*3* Temperature rise time (3)

*4* Temperature rise time (4)

### Overall Measurements

| Height (mm) | 1380 | 780 | 865 |
| Width (mm) | 506 | 506 | 540 |
| Depth (mm) | 550 | 550 | 525 |
| Net weight (Kg) | 49 | 34 | 24.4 |

### Power Supply

| Power supply (V/Hz) | 220-240 | 220-240 | 220-240 |
| Power rate (W) | 110 | 100 | 100 |
| Energy daily consumption (KWh/24 hours) | 0.54 | 0.32 | 0.403 |

### Features

- Electronic controls
- Number of bottles: 51
- Stainless steel door handle
- Hidden evaporation
- Inner light
- Mobile shelves
- Adjustable shelves (front/rear)
- Temperature control (red wine 7ºC-16ºC)
- Temperature control (red wine 5ºC-18ºC)
- Temperature control (red wine 0ºC-16ºC)
- Optical alarm
- Adjustable shelves
- Number of shelves: 5
- Aluminium and glass door

(1) Energy efficiency class "X" on a scale from G (least efficiency to A+++ (most efficiency).
(2) Annual energy consumption kWh/year based on standard test results for 24 hours.
(3) Temperature rise time (for wine storage appliance).
(4) Type of installation: Freestanding
(5) Acoustic/visual alarm
(6) Temperature control
(7) Number of shelves
(8) Number of shelves
(9) Aluminium and glass door
(10) Stainless steel door handle
(11) Hidden evaporation
(12) Temperature control
(13) Optical alarm
(14) Adjustable shelves
(15) Number of shelves
(16) Aluminium and glass door

Laid in by the producer for its household refrigerating appliances that have a wine storage compartment combined with any other compartment type.
