I WISH
TO PAMPER MY FOOTBALL TALISMAN TSHIRT
by TEKA LAUNDRY

LAUNDRY
WISHES COME TRUE

Caring for your clothes is our WISH and has never been so easy.

RANGE OVERVIEW

_Maestro
_Total
_Easy
A SPA for your most delicate garments with maximum energy saving

Our Ultimate SPA Laundry Range Has Transformed Washing Machines Into Meticulous Apparel Care Appliances, Evidenced by the Woolmark Certificate.

They new SPA range consumes little and offers a lot. These washing machines are characterized by their ability to pamper your clothes using less energy and reducing the environmental footprint. Our washing machine’s efficiency improves their energy rating increasing cleaning capacity and delicate-garment care.

Feel free to wash your woolen garments in your Teka washing machine. The SPA range personifies excellence in top fabric care. Our 8-kilo models proudly show off their Woolmark certificate; a universal quality company that only certifies after testing the woollen garment-washing programme and ensures it keeps your clothes in perfect shape, even after dozens of washes.

The ideal solution to wash and dry in one go! It offers all the advantages of a high-advanced washing machine and the best performance of a tumble dryer in laundry care. The perfect combination for small rooms.

Less friction for the motor, which means less vibration and more silence. If we add the option of eliminating the spin cycles during the wash, the result is that we can finally use the washing machine at night without worrying about disturbing anyone. Plus, the technology provided by the Inverter motor lengthens the washer-dryer’s life and reduces power use, saving you money every time you use it.
BALANCE CONTROL SYSTEM
Teka’s balance control system optimizes clothing distribution, preventing it from becoming tangled. It also increases stability, reducing the noise level and also extends the useful life of the washing machine. In addition, Teka’s washing machine drum is a perforated stainless steel drum that helps clothes slide smoothly inside the washing machine.

DELAYED PROGRAMMING
Wash whenever you want even if you are not at home! Your washing cycle can be delayed up to 24 hours to take advantage of more economic night rates.

SPEED WASH
No more waiting. Thanks to this function, just by pushing a button, you can reduce the length of any washing programme by 30%. More time for you, less for the machine.

REALLY SAFER
Teka appliances are equipped with the most advanced technology regarding security like Delayed Opening or Child Lock security.

DRUM SOFTCARE
The gentlest way to break down water resistance. Our drum’s exclusive design, formed of small cubes, has been developed using cutting-edge computational fluid dynamics technology. The result can be seen in the lower textile water flow resistivity —up to 20 times lower than that offered by other washing machines—improving garment care in their washing, drying and spinning stages.

MY FAVOURITE CYCLE
Memorize your ideal program just touching for 3 second the favourite button. It allows you to design the perfect cycle for your preferred garments.

THE GENTLESS DRYER
Your favorite and delicate fabrics are in safe hands drying at lower temperatures with Advanced Heat Pump Drying Technology.

This system conserves and reuses the hot air. After it passes through the drum, it goes through the evaporator where removes the moisture is removed and stored in a tank. The remaining air is re-heated and sent back to the drum to start the cycle again.

And of course, you can save up to 50% energy compared to traditional models.
Minimum consumption, highly accurate and very easy to use

Domestic appliances for those who like going one step further. For those who will not settle for being like the rest.

Designed for those who demand everything of their appliances, for everyone in the house. Maximum effectiveness in any situation.

For those who prefer no complications in the kitchen without denying themselves an appliance that gives so much while asking for so little in return.
Integrated washer dryer
- Washing capacity: 7 kg
- Drying capacity: 4 kg
- 12 washing programmes
- 3 drying programmes
- Maximum spin speed: 1400 rpm
- Electronic control panel
- Electronic washing management (Fuzzy Logic)
- Fast program 15 minutes
- Automatic water regulation
- Delay timer 1-24h
- Balance control system
- Foam control system
- 30 cm wide porthole
- Reversible door
- Function buttons for: on/off, delayed programming, extra rinse, spinning exclusion and easy ironing
- Energy class A/A

Freestanding washer-dryer
- Washing capacity: 10 kg
- Drying capacity: 7 kg
- Woolmark Apparel Care®
- BLDC Inverter Motor
- 16 washing programmes
- 6 drying programmes
- Electronic control panel
- Digital display LCD
- Electronic washing management (Fuzzy Logic)
- Special Programs: Wool, baby care and 15°
- Special program: Drum wash + Dry
- Fast program: 15 minutes
- 32 cm wide crystal porthole
- Function buttons for: on/off, delayed programming, extra rinse, spinning selection, fast program and temperature
- Automatic water regulation
- Delay timer: 1-24h
- Balance control system
- Locking system in case of lack of water or electricity
- Foam control system
- Energy class A/A

Freestanding washer-dryer
- Washing capacity: 9 kg
- Drying capacity: 6 kg
- 11 washing programmes
- 4 drying programmes
- Electronic control panel
- LED display
- Electronic washing management (Fuzzy Logic)
- Fast program: 12 minutes
- Automatic water regulation
- Delay timer: 1-24h
- Balance control system
- Locking system in case of lack of water or electricity
- Energy class A/A

### Technical Features

#### Special Functions

1. **Quick wash**
2. **Resistance**
3. **Delicate spin**
4. **Easy ironing**
5. **Extra rinse**
6. **Delay timer**

#### Built-in Door Measurements

- **Height**: 825 mm
- **Width**: 596 mm
- **Depth**: 560 mm

#### Power Supply

- **Voltage (V/F)**: 220-240/50, 220-240/50, 220-240/50
- **Nominal Power (W)**: 2000, 2000, 2000
- **Nominal Power motor (W)**: 5000, 340, 340
- **Nominal Power heating element (W)**: 2000, 1200, 1200
- **Nominal Power heating dryer element (W)**: 920-1640, 1300, 1500

#### Features

- **Electronic control**
- **Fingerprint proof stainless steel**
- **Electronic washing management**
- **Nº of programs**
- **Balance control**
- **Humidity sensor**
- **Cancel spin cycle button**
- **Glass door diameter (mm)**
- **Reversible door**
- **Adjustable feet front/back**
- **Double water inlet (warm-cold)**
- **Removable work top**
- **Stainless steel drum**
- **Child lock**

#### Control Pilot Lights

- **On/off**
- **Extra rinse**
- **Remaining time**
- **Delay timer**
- **Quick wash**
- **Resistant**
- **Delicate spin**
- **Easy ironing**
- **Extra rinse**
- **Delay timer**

#### Built-in Door Measurements

- **Height**: 825 mm
- **Width**: 596 mm
- **Depth**: 560 mm

#### Power Supply

- **Voltage (V/F)**: 220-240/50, 220-240/50, 220-240/50
- **Nominal Power (W)**: 2000, 2000, 2000
- **Nominal Power motor (W)**: 5000, 340, 340
- **Nominal Power heating element (W)**: 1800W, 1200, 1200

#### Features

- **Electronic control**
- **Fingerprint proof stainless steel**
- **Electronic washing management**
- **Nº of programs**
- **Balance control**
- **Cancel spin cycle button**
- **Glass door diameter (mm)**
- **Reversible door**
- **Adjustable feet front/back**
- **Double water inlet (warm-cold)**
- **Removable work top**
- **Stainless steel drum**
- **Child lock**

#### Control Pilot Lights

- **On/off**
- **Extra rinse**
- **Remaining time**
- **Delay timer**
- **Quick wash**
- **Resistant**
- **Delicate spin**
- **Easy ironing**
- **Extra rinse**
- **Delay timer**

---

**Note:** For more detailed technical specifications, refer to the manufacturer’s documentation or contact the manufacturer directly.
¢ Cotton laundry and that they are the most efficient programmes in terms of combined energy and water consumption; © Note: “standard 60°C cotton programme” and the “standard 40°C cotton programme” are the standard washing programmes to which the information in the label and the fiche relates, that these programmes are suitable to clean normally soiled © Spin-drying efficiency class ‘X’ on a scale from G (least efficient) to A (most efficient).

---

(1) Energy efficiency class "X" on a scale from D (least efficiency) to A+++ (most efficiency)
(2) Energy consumption "X" kWh per year, based on 160 standard washing cycles for cotton normal programmes at full and partial load, and the consumption of the low-power modes.
(3) Energy consumption weighted for "cotton normal programmes at full load".
(4) Condenser efficiency class "X" on a scale from G (least efficiency) to A (most efficiency)
(5) Condenser efficiency based on cotton normal programmes at full and partial load.
(6) Condenser efficiency based on cotton normal programmes at full load.
(7) Condenser efficiency based on cotton normal programmes at full and partial load.
(8) Condenser efficiency based on cotton normal programmes at full load.
